

updateCoin

```
graph LR; A[updateCoin] --> B[ui.ActionBar.addCoin]
```

A diagram showing a call from a method named 'updateCoin' to another method named 'ui.ActionBar.addCoin'. The 'updateCoin' box is shaded gray, while the 'ui.ActionBar.addCoin' box is white. A blue arrow points from the right side of the 'updateCoin' box to the left side of the 'ui.ActionBar.addCoin' box.

ui.ActionBar.addCoin
